

# JAPS STUNNED BY SURRENDER ULTIMATUM

## Meandering Along the Main Stem By WASH FAYETTE

I wonder how many times "enemy installations" in Fayette County have been "bombed" by those big bombers that are roaring over the county almost constantly!

And likewise, I wonder how many such installations have been spotted by the fast-flying scout and fighter planes that also pass over the county each day.

Nearly all of those planes that pass over are on a definite "mission" as the crews are trained to blast the Japs.

Some of these days (and it may be surprisingly soon judging by the peace rumors coming out of Japan) the roar of these mighty planes will no longer be heard over Fayette County, except an occasional plane making a flight from one field to another, and the men who are being trained to destroy the enemy will turn their attention to peaceful pursuits once more, knowing that the threat to America in the Pacific has been liquidated for a long, long time to come.

The only vacation in store for a host of Fayette County folks this year is the Fair, and they are planning to take advantage of the annual event to enjoy themselves as much as possible, and add to their store of knowledge at the same time.

Each year the Fair offers folks generally an opportunity for a "break" from the every-day things of life, and I always get a thrill out of seeing the rank and file of fair-goers enjoy themselves.

I was talking with a farmer friend a few days ago, and his story is much the same as that of a great many others. He said: "My wife and kids and myself have been working early and late for a long time, trying to keep up with the farm work that at times just about swamped us because we are short two helpers who are in the armed forces."

"Fair week we will have our work where we can breathe freely for two or three days, and the Fair is the logical place for us to get away from work and worry and see something worth while, as well as visit with our friends and enjoy what the Fair has to offer in the way of entertainment."

The night Fairs prove a real treat to a host of people who could not attend the Fair during the daytime by reason of their work, and then the cooler temperatures at night add to the general enjoyment, so I predict some huge crowds during the night sessions.

A great many thousands of people in all walks of life will pass through the gates of the Fairgrounds this week, and get a thrill out of the event that has long since become a Fayette County institution.

## BOY ELECTROCUTED ON CHARGED FENCE

Death Is Attributed to the Damp Ground

COLUMBUS, July 27.—(AP)—Fourteen-year-old Richard Case, son of Mr. and Mrs. John Parker of nearby Linworth was found dead last night lying across the charged wire of a fence on a neighbor's farm, a sheriff's deputy reported. The deputy said the boy apparently was electrocuted after he either stumbled on the wire or tried to climb over the fence.

Howard Freeman, owner of the farm on which the boy was killed, said no stock ever had been killed on the fence and he attributed the boy's death to the fact the ground was damp where he was standing.

## HAWAIIAN SWIM CHAMPION TO RETURN TO ISLANDS

COLUMBUS, July 27.—(AP)—Keo Namaka, winner of eight Big Ten, four national collegiate and three national AAU titles, will return to his native Hawaii as coordinator of swimming and a physical education instructor in public schools after obtaining his masters degree at Ohio State University Sept. 1.

## Thursday Fair Crowd Tops Last Year's

### Lausche Makes Surprise Visit At Fair Here Thursday Night

By MARTHA BEREND

He was a tall man with a tanned face and thick, black, curly hair. He was having a wonderful time, throwing baseballs at milk bottles on the midway at the Fair Thursday night.

Nobody was paying any special attention to him—he was just another man having a lot of fun at the Fair. Then Baldwin Rice, one of the Fair directors, saw him and recognized Governor Frank J. Lausche.

Rice went immediately to the Fair secretary's office where a hurried confab came to the point immediately—for Gov. Lausche to say a few words of greeting from the platform where the Lulu Belle and Scotty show was entertaining the capacity grandstand crowds.

Rice and Frank E. Ellis, the Fair secretary, went right back to the baseball concession. Lausche had gone and the concessionaire had not recognized him as the governor.

Ellis and Rice scurried to the horse barns and there they found

the governor quietly enjoying himself.

"I just couldn't resist coming in

Gov. Frank J. Lausche

when I saw the Fair going full blast," Lausche grinned as he explained he was on his way back to

Columbus after dedicating a bridge across the Ohio at Higginsport.

When Ellis and Rice asked him if he would say just a few words to the crowds in the grandstand, he said no, at first. "I'm afraid you may get the wrong idea of my feelings. It's not that I don't want to appear at the Fayette County Fair; it's just that I feel the people here are doing and not to hear me," the governor said.

After no little persuasion by Ellis, Lausche assented quietly and walked across the track and through the dark centerfield. While Ellis was making arrangements with Scotty for Lausche to appear, the governor talked with Howard C. Allen, who was watching the show beside the judges' stand.

Lausche spoke of the clean-cut faces of the people he saw and Allen told him a bit of the history of the Fairgrounds—how Bobby Burns and Major Mallow, two

## 4,988 COUNTED AT OUTER GATES IN AFTERNOON

Grounds and Grandstand  
Packed Both for Races  
And Night Show

With somewhat cooler weather Friday, another large crowd was assembling on the Fairground for the third day of racing and other attractions early in the afternoon, with indications of a still larger crowd for the night session.

With a gate of 4,988 paid admissions and grandstand of 2,644 Thursday afternoon and 3,907 gate admissions at night, what is believed to be an all time record grandstand patronage of 2,719 paid admissions featured the night attendance. Thursday afternoon's attendance was greater than that of last year.

The crowd was so large for the night program in front of the grandstand—WLS Hello Neighbors with Lulu Belle and Scotty and fireworks display—that it overflowed to the race track, and hundreds were seated on the ground on the track.

The mutual handle Thursday afternoon was \$7,154.

For the third successive day the crowds swarmed over the grounds and lined the race course Thursday afternoon.

A great deal of interest has been manifested in the various exhibits under the grandstand, in the Merchants Building and the livestock buildings.

One of the largest Midways ever assembled on the Fairground has been a heavy drawing card for afternoon and night crowds, and the good-natured throngs mill about this part of the Fair until after midnight each night.

John M. Hodson, director of agriculture in Ohio, and Bryan P. Sandles, Fair director for Ohio, were at the Fair here nearly all day Thursday.

Hodson, introduced as a "plain dirt farmer," spoke briefly during the afternoon racing program. He complimented the Fair Board on its management of the Fair here this year.

Governor Frank J. Lausche slipped quietly into the grounds in the evening and, after considerable persuasion, addressed the packed grandstand briefly from the Hello Neighbors stage. He laughingly said he had just wanted to be "one of the folks" enjoying the Fair.

Cattle judging was under way Friday and this completes the judging work of the various departments.

The Weather Man promises moderate temperatures for the remainder of Friday, with a forecast of mostly cloudy and possibly thundershowers in the state during Saturday.

Friday night's attraction in front of the grandstand consists of Buck Steele's famous Marvel Horse troupe and circus, and promises to be one of the outstanding entertainments of the entire Fair.

Fireworks, which have been elaborate and thrilling will follow the Steele performance.

Saturday's four races will be a heavy drawing crowd, and the night attraction, WLS National Barn Dance and Graham's Western Riders will be outstanding. Fireworks will bring the program to a close.

Secretary Frank Ellis said Friday that the Fair has been highly successful in all departments.

## CHARTER RATIFICATION FRIDAY NIGHT FORESEEN

WASHINGTON, July 27.—(AP)—Senate ratification of the United Nations charter by tomorrow night—if all goes well—was foreseen today by Senator Tom Connally (D. Tex.).

The Foreign Relations committee chairman, who also served on the American delegation to the San Francisco Conference, observed with satisfaction only 13 more senators are listed for formal speeches.

The Texan is floor manager for the pact.

Only when the debate closes will Connally be able, under the rules, to call up the formal ratification resolution.

## Fair Program For Week

FRIDAY  
NIGHT: Buck Steele's Marvel Horse Troupe and Circus; Fireworks.  
SATURDAY  
MORNING: Exhibits with prize ribbons up.  
AFTERNOON: Band Concert (grandstand) 1:30; Harness Racing, post time 2.  
NIGHT: National Barn Dance and Graham Western Riders 8:15.

## NEWS IS BLUE ON BLUE POINTS

Ration Values Put Up on  
Many Canned Foods

WASHINGTON, July 27.—(AP)—Housewives, whose point worries have been chiefly red, got blue news today about the blues.

Beginning Sunday, six canned and bottled foods take on sharply increased ration values.

The increase, effective through the five-week period ending September 1, apply to canned spinach, asparagus, applesauce, apples, apricots and grape juice.

However, grapejuice, orange and grapefruit blends, tomato catsup and chili sauce will require fewer points.

These are the only changes for the period except that a No. 10 can of corn (6 pounds, 10 ounces) will require 130 instead of 100 points. These big cans are sold chiefly to hotels and restaurants.

Here are the increases:  
Spinach, No. 2 can, 30 points, up 10; No. 2½ can, 50 points, up 20; asparagus, No. 2 can, 30 points, up 10; applesauce, No. 2 can, 20 points, up 10; apples, No. 2 can, 20 points, up 10; apricots, No. 2½ can, 50 points, up 20; grape juice, pint, 40 points, up 10; grape juice, quart, 70 points, up 20.

The decreases:  
Orange and grapefruit juice blends, 46-ounce can, 10 points, down 10; No. 2 can, 10 points for two cans, down 10; grapefruit juice, 46-ounce can, 10 points, down 10; No. 2 can, 10 points for two cans, down 10; tomato catsup and chili sauce, 14-ounce size, 10 points, down 10.

## TAX APPEALS BOARD IS REORGANIZED

New Bureau Created to  
Streamline Forms

COLUMBUS, July 27.—(AP)—Creation of a general hearing board to receive appeals from all tax assessments, except realty and sales tax levies, was announced today by Tax Commissioner C. Emory Glander as part of a reorganization of the State Tax Department.

Greater efficiency and more economical operation, Glander said, prompted reorganization of the department which last year collected more than \$170,000,000 in revenues.

Also created was a bureau of tax forms. Glander said its purpose was to streamline present complicated and obsolete tax forms now in use, particularly personal property returns by individuals and firms.

Stanley J. Bowers of Ashville was named head of the personal property tax division.

## HOUSING FOR WOMEN AT OSU IS LIMITED

COLUMBUS, July 27.—(AP)—Ohio girls will encounter no difficulties in applying for admission to Ohio State University this fall, but their out-of-state cousins can expect enrollment restrictions OSU officials said today.

"Our women's housing has been expanded almost to the limit," Harold K. Schellenger, director of the OSU news bureau, declared, and has forced the university to "restrict closely" its admission of out-of-state women applicants by "requiring a higher scholarship record than ever before."

## GERMAN ENGINEER RAMS INTO WOUNDED

Bizarre Story Is Told by  
American Prisoner

MIAMI, Fla., July 26.—(AP)—How a German railroad engineer deliberately rammed his locomotive into two carloads of wounded American prisoners of war was told here today by S-Sgt. Arthur D. Johnson of Salem, Ohio, a patient at the AAF Regional and Convalescent Hospital.

"The Germans called it an accident," the gunner recalled. Captured after he bailed out of a stricken B-17 over Kiel, the young gunner, his right leg broken, was being taken with other wounded prisoners from a hospital to a prisoner of war camp when the collision occurred.

"We were switched onto a siding," Johnson said. "Then the German engineer uncoupled the locomotive and moved away, down the tracks. He opened his throttle and came back fast, ramming the cars we were in. My leg had healed and I was able to walk with a cane, but it was broken again in the crash. Many other Americans were hurt too."

## TWO MEN TAKEN BY JAPS NOW ARE REPORTED DEAD

PORT CLINTON, O., July 27.—(AP)—Capt. Arthur Burholt, 36, Capt. Harold Collins, 30, and Sgt. Elmer N. Smith, 25, members of the Port Clinton Tank Company, who were reported prisoners of war after the fall of Bataan, now are listed as dead, relatives said. The War Department reported the three men were "killed in action" in the Pacific area, Dec. 15, 1944, while being transported on an unmarked Japanese vessel.

## ALLIED DEMAND CREATES SPLIT IN HIERARCHY

Differences Mark Official  
Reaction—Destruction  
From Air Continues

By LEONARD MILLMAN

(By The Associated Press)

The Allies stepped up their "military time table for the defeat of Japan" today as Nipponese, choosing between the alternatives of "utter destruction or unconditional surrender," offered in the Potsdam ultimatum, said they would fight "to the bitter end."

Rejection of the Allied ultimatum was unofficial. Other sources, both Allied and Japanese, indicated it might be mere whistling in the dark.

Implementing the Potsdam warning that Japan would be promptly crushed, the Allies are shifting more soldiers directly from Europe to the Pacific than originally anticipated, Maj. Gen. John M. Franklin told a Senate committee.

## Calling Bomb Shots Now

The Twentieth Air Force bluntness announced to Japan today the 11 cities which are next on the B-29 fire-bombing target list and, in the unprecedented pre-strike warning, announced that four or more of the cities would be ignited within the next few days.

The warning, punctuating Allied demands for Japanese surrender, was issued by Maj. Gen. Curtis LeMay, who advised 890,000 Nippon civilians to flee to safety and "restore peace by demanding new and good leaders who will end the war."

In a frank effort to convince the Japanese people their cause is hopeless and the military is powerless to protect them, LeMay gave the Japanese this warning.

As this was written Superforts from the 73rd Wing were returning to Saipan after showering 60,000 warning pamphlets on each of the 11 cities.

Here are the cities which are wondering if they rank first on the list of the dreaded Superforts: Ichinomiya, Tsu, Ujijamada, Nagasaki, Nishinomiya, Amori, Ogani and Koriyama, all munitions, transport and industrial centers on Honshu; Uwajima, a shipping and war plant center on Shikoku; Kurume, rail hub, manufacturing center and location of an arsenal, on Kyushu, and Hokkaido, financial and manufacturing center of Hokkaido Island.

Uwajima and Ichinomiya are the only ones bombed before in incendiary raids.

China Increases Threat  
Chinese armies added their force to the threat. In southeast China they recaptured the walled city of Yangsa, eighth former U. S. airbase to be taken, and broke into the suburbs of Kweilin, another airdrome city.

Other forces drawing the net on Kweilin drove a wedge across the Japanese escape route seven and a half miles north of the city and captured the highway town of Ining for the second time in about a week.

Bitter street fighting was reported in Kweilin's suburbs. Other columns closed in on all sides. In northern China, Japanese were reported contracting their lines and pulling up railroad tracks as they moved toward the coast.

American bombers kept up the pounding of the Mikado's sacred homeland during the temporary silence of the U. S. Third Fleet. A delayed dispatch disclosed that nine American destroyers knifed into Tokyo Bay itself last Sunday night and sank two or three enemy merchant ships from a convoy trying to escape raiding Yank planes.

Japan faced the alternatives today of "utter and complete destruction" or retirement in unconditional surrender and total disarmament to her four main home islands under terms of an ultimatum from the United States, Great Britain and China.

Russia did not sign the proclamation issued late yesterday from Potsdam, the scene of the Big Three conference, but the absence of Premier Stalin's name was no insurance against Soviet intervention in the Pacific war. Stalin conducted a long series of conversations with Chinese Premier T. V. Soong just before coming to

# 4-H CLUB SHEEP AWARDS MADE BY D. J. KAYS

Large Number Exhibited in Junior Fair and Some Sold Friday

With scores of entries, the sheep show was the big feature of the 4-H Club livestock exhibits at the fair this year, and Prof. D. J. Kays, chief of the Bureau of Animal Husbandry, Ohio State University, who placed the ribbons, found a great many exceptionally fine animals in the offering.

Some of the sheep were sold at public auction, Friday, but most of them were retained by their owners.

Call-club exhibits, which were the smallest in years, due chiefly to small prices brought last year, were being judged Friday, but none of the calves will be sold at auction.

Following are the sheep awards:

est Bevin, former Labor minister in the coalition cabinet, who would succeed Anthony Eden, Churchill and Eden both were re-elected to Commons—among the few Conservative ministers to survive the tide of Labor votes which repudiated the party and the philosophy of free enterprise for which it stood.

For Churchill, since 1940 the empire's outstanding figure, there was left the relatively humble position of leader of the House of Commons minority.

The leftward tide of votes swamped his Conservative Party in the worst political defeat any major British party has suffered in many years, and gave the Laborites the first clear Commons majority the party ever held in Britain.

The London Press was frankly amazed by the result and not agreed in the explanation. Most commentators agreed, however, it did not constitute a personal repudiation of Churchill, whose record as a war leader was praised even by the staunchest of Labor supporters. But none denied this was a swift leftward surge. Some attributed it to natural dissatisfaction among the people after six years of wartime hardship.

Churchill, in a valetory statement as prime minister, said all plans and preparations had been made for a victory over Japan which might come "much quicker than we have hitherto been entitled to expect," and declared he regretted he had not been permitted to finish that job. He expressed gratitude to the British people for unflinching support during the European war.

There was some speculation here

the ultimate effect of the election would be to bring Russia and Britain closer together on some issues. Prof. Harold Laski, chairman of the Labor party's executive committee, said the victory would make possible "full friendship" with the Soviet Union.

Attlee also spoke for "cooperation with other nations, particularly our great Allies, the United States of America and the Union of Soviet Socialist Republics."

His victory in this election was believed likely to have a telling effect throughout Europe. Leftward trends already have been noted in other European elections, and the show of massive strength of the Labor party in Britain may spur the demand for free elections in such nations as Belgium, Yugoslavia, Greece and Albania, to which royalty is waiting to return.

# ILLEGAL GASOLINE MARKET WIPED OUT

Cleveland Area Screens Stamps Carefully

CLEVELAND, July 27.—(P)—Careful screening of gasoline ration stamps in the Cleveland regional verification center, together with speedy prosecution of dealers who have turned in counterfeit stamps, has virtually wiped out the counterfeit black market in gasoline, regional office of Price Administrator Birkett L. Williams declared today.

Circulation of stolen coupons is the number one gas rationing problem, Williams said. Williams reported 385,000 bogus gas stamps were detected in October, 1944, but that in June of this year only 8,285 were found in envelopes turned in by retailers.

# POSTCARD REPORT ON GALAPAGOS

QUITO, Ecuador — (P)—Puerto Baquerizo, in Ecuador's far-off Galapagos Islands, has 300 inhabitants and no store, but it does have a statue of Charles Darwin, English naturalist whose explorations of the islands in 1835 aroused a curiosity which still draws scientists.

The islands, 600 miles off Ecuador's coast, were named for the fresh-water turtles which are still one of their chief interests. Little noted until the outbreak of the Pacific war, they were then garrisoned by U. S. forces.

Fishing near the islands is reported so excellent that it could go far toward supplying the mainland's sea-food.

Vast herds of wild cattle roam some of the islands. Wild dogs are killing off the cattle and a campaign against them, with gun and poison, would have to precede utilization of the herds.

# AIR BASE AT CLEVELAND PERMITS VISITORS SOON

CLEVELAND, July 27.—(P)—Clevelanders will get their first glimpse of the Cleveland Army Air Base at the Municipal Airport at an open house next Wednesday in observance of Air Force Day.

The army is permitting visitors to inspect the air base, consisting of two large hangars and an operations building formerly used as a test field for planes and now used to handle all military air traffic.

# National Barn Dance Saturday Night Feature

A pioneer in radio entertainment from the ear-phone days of two decades ago, the WLS National Barn Dance will appear Saturday night as the grandstand attraction at the Fair.

With a galaxy of new stars of comedy, song, dance and novelty, plus the featured rodeo stars, the Graham Western Riders, the barn dance show put the Fayette County Fair on its list for its 21st anniversary tour.

The Grahams, ten brothers and sisters, whose ages range from three to 20 years, are in a class by themselves and long have been favorites with audiences at the leading horse shows, livestock shows, county and state fairs all over the United States.

While there are many new features of the barn dance show, its main and original idea remains—rustic comedy and music in the atmosphere of a hayloft. It is vaudeville up-to-date and novelty of the highest standard. The Saturday night coast to coast broadcasts of this show still rank among radio's most popular programs.

It was 21 years ago—April 15, 1924—that the first National Barn Dance program took the air over WLS, then located in the Sherman Hotel, Chicago. It was purely an experiment but it registered immediately and for the last 12 years the programs have been broadcast from the Eighth Street Theater in Chicago.

As a definition for the word "unique," Webster says: "Being without a like or equal," and unique describes the Graham Western Riders to a dot, because their act is the only one of its kind. It is a sensational and spectacular exhibition of rodeo thrills and showmanship.

As a unit the Grahams are superb and as individuals they are superb. There is no competitive exhibition that carries as much punch, speed and human interest as this act with its ten brothers and sisters.

The Grahams have piled up enviable records as features of state fairs, county fairs, horse shows, the International Livestock Show (14 consecutive appearances) and at other livestock shows from coast to coast.

Crowds come to see the Grahams not only because of their compelling youth but also because of their expert showmanship and daring. In their gala costumes they are a spectacular flash, all ten of them.

# SURRENDER ULTIMATUM STUNS JAPS—OFFICIAL REACTIONS DIFFERENT

(Continued From Page One)

Potsdam. (The Japanese news agency Domei said the ultimatum would be ignored and that Japan would fight to "the bitter end.")

Terms of Ultimatum. The ultimatum included these terms and said "we shall not deviate from them: there are no alternatives: we shall brook no delay."

1. Japan must overthrow her militarist ruling clique.

2. Undesignated points of Japanese territory will be occupied until Japan's war power is convincingly destroyed.

3. Japanese sovereignty will be limited to the four main islands of Honshu, Hokkaido, Kyushu and Shikoku, and minor islands. This would strip Japan of all her conquests and other dominated areas including Manchuria, North China, Korea, the Bonins, Kuriles, Pescadores, Formosa, mandated islands, Netherlands East Indies, Malaya, French Indo-China, Thailand.

4. Japan will be disarmed completely, but soldiers will be allowed to return to peaceful pursuits.

5. Japan will not be enslaved, but "stern justice shall be meted out to all war criminals," especially those responsible for cruelties on prisoners.

6. Japan must restore freedom of speech, religion and thought and establish respect for fundamental rights.

7. All armament industries will be taken from Japan. Raw materials will be permitted for es-

sential economy and to permit payment of reparations.

8. Occupation will end when Japan loses her warlike attitude and leadership.

"We call upon the government of Japan to proclaim now the unconditional surrender of all Japanese armed forces, and to provide proper and adequate assurances of their good faith in such action," the ultimatum from President Truman, President Chiang Kai-Shek and Winston Churchill, then British prime minister, said.

"The alternative for Japan is prompt and utter destruction."

The Japanese cabinet, meeting in special session at the residence of Premier Suzuki, heard Foreign Minister Shigenori Togo on the eight point definition of unconditional surrender issued yesterday by President Truman, Churchill and Generalissimo Chiang Kai-Shek.

Shortly thereafter the government-controlled Domei news agency said Japan wouldn't capitulate.

"Japan will prosecute the war of Greater East Asia to the bitter end," Domei said, "in accordance with her fixed policy."

This was a complete reversal of yesterday's unprecedented appeal by Tokyo radio for leniency. It ignored a recommendation that Japan surrender which was reportedly made by Gen. Hiroshi Oshima, one of Nippon's foremost military diplomats. As ambassador to Germany he saw Tokyo's Axis partner beaten into submission and was convinced of the futility of fighting further.

From Manila came a report that Japanese leaders were preparing the country for surrender before invasion. Washington buzzed with rumors and speculation of prompt surrender. Churchill commented the end of the Pacific war "may come much quicker than we have hitherto been entitled to expect."

The United States will throw 7,000,000 troops into the task, said Gen. Jacob L. Devers, chief of Army ground forces. Only a fraction of them will actually be on the firing line.

Australia will cut her forces down from six to three army divi-

sions, reduce her air force from 53 to 36 squadrons but maintain her present navy. This represents an increase in Australia's air force in the Pacific and no change in ground and sea power. Three Digger divisions are fighting in Borneo, where Japanese are withdrawing toward the Samarinda oil fields, and New Guinea where the Aussies drove on the Nipponese food supply area.

British forces reported killing 3,000 Japanese and capturing 400 in six days fighting in south Burma.

Announced American pressure was confined to the air. Admiral Halsey's powerful Third Fleet continued radio silence as it probed off Japan.

## THE WAR TODAY

By DEWITT MACKENZIE

Winston Churchill has gone down to political defeat in the midst of that stirring drama which brought him to power and in fact has marked his whole adventurous life, for as his government was being voted out of existence he signed the historic Allied ultimatum of Potsdam, calling on Japan to surrender unconditionally or suffer "prompt and utter destruction."

That was a fitting farewell gesture for a gallant warrior—one of the great figures in English history—who has had so great a part in saving the world from Axis slavery. This edict, which in effect renews Britain's pledge to wage war against Japan to the finish, of course had the approval of the new prime minister, Major Clement Attlee, who has been attending the Big Three conference as Churchill's "deputy." Attlee says England will see it through.

The big question in Japan's mind, and in the minds of the Allied publics, is what Generalissimo Stalin says—if anything—about it. Is he prepared to help America, Britain and China enforce this ultimatum, or is he standing one side? I think Tokyo has a right to fear that he gave the grim notice his blessings.

Labor's triumph in the British general election isn't a rebuke to Churchill—for the country reveres him as the man who led them out of the wilderness of defeat. Rather it's a repudiation of the Conservative party and represents a heavy swing to the left.

The Leftist development in England isn't new, although there have been those who refused to see it. This column has been pointing to it consistently since 1942. However, as I remarked yesterday, we shouldn't misunderstand the meaning of this trend, for it has little to do with long-haired intellectual Socialism. It isn't revolutionary but evolutionary—a gradual development arising from the search of the working class for a better way of life. One would expect it to progress without fireworks.

The Labor party aims at "a Socialist Commonwealth of Great Britain." This contemplates as an initial step the nationalization of coal mines, iron and steel plants, railroads and all other forms of public transportation. Public ownership of the Bank of England also is advocated.

Of course this presages a great change in England's domestic policies. It means further breaking up of the vast estates of the landed

gentry. It means an acceleration of the leveling off of incomes. The England of Queen Victoria has gone forever.

However, while we may expect a big change domestically, Britain's foreign policy is likely to remain broadly the same. Britain's commitments, such as those relating to the Japanese war and the rehabilitation of Europe, will be carried out in full.

There's one qualification which I think we should make here. The Laborites undoubtedly will do their utmost to shake off the tradition of imperialism that has clung to the Conservative party like the old man of the sea. Among other things this might give rise to a fresh effort to settle the dangerous Indian question. And it might influence the government's policy towards Britain's pre-war spheres of influence—Greece and the Middle East, for example.

Sixty-two year old Attlee while totally lacking the color and magnetism of the Churchill personality, is an earnest and determined leader. He is generally regarded by his colleagues as being the good Samaritan type of Socialist. He is thumbs-down on Communism for Britain (although friendly towards Russia) and always has preached against dictatorships, either of the left or of the right.

Attlee has been a Laborite since the birth of the party. He is the son of a London lawyer and is a graduate of Oxford. He also studied law but deserted that for social work. He went to live on London's poverty ridden east side, and earned a living as a dock worker. The constituency which returned him to Commons is Limehouse, locale of some of the world's most famous mystery stories.

## COMPOSITE EXHIBIT BY FARM BUREAU

Display Set Up by Councils Without Premiums

Presenting a composite appearance, yet each slightly different, the Farm Bureau Council exhibits at the Fair this year are one reason why you can see people streaming into the agricultural building.

A department set up without premiums, the council displays are arranged in a stair-step effect with the name of the council plus the roll at the top of the stairs. The exhibit is similar to the county displays in that they include samples of virtually every product raised in the county. The displays also show the work of the councils.

## A. M. VAN DUZER NEW SOLICITOR FOR OHIO BELL

Frank B. Brett, Who Started As Office Boy in 1900, Elected to Board

Randolph Eide, president of the Ohio Bell Telephone Company, announced today that Frederick B. Brett, comptroller of the company, was elected a member of the board of directors and a member of the board's executive committee and that Ashley M. Van Duzer, the company's general solicitor, was elected general counsel of the company.

Brett, who was born and educated in Michigan, entered the telephone business as an office boy in 1900. He worked in accounting departments in Detroit, Chicago and Indianapolis before going to Cleveland in 1914 as division auditor of receipts.

Subsequently he had the position of auditor of disbursements, chief accountant general auditor and comptroller, having held the latter position since April, 1944.

Van Duzer, the new general counsel, fills the position recently made vacant by the death of Karl E. Burr, of Columbus. He has been engaged in legal work for the Ohio Bell for more than ten years and was elected general solicitor in March, 1943. He is a partner in the Cleveland law firm of McKeehan, Merrick, Arter and Stewart and George William Cottrell. He has been associated with this firm in the practice of law for nearly 30 years and will remain a partner in the firm.

Glass has been developed which is so tough and resistant to heat and breakage that it can be used for piping.

Everyone cordially invited to all of our services.

## CAMPFIRE GIRL BOOTH IS BUSY SPOT AT FAIR

There's lot of busy-ness concentrated on one small spot of the Fairgrounds. That spot is the Campfire Girls' booth under the grandstand.

A little bit of everything the girls have done this year is represented in the booth, including needlework, scrapbooks, a full-dress Campfire Girl's uniform and handcraft.

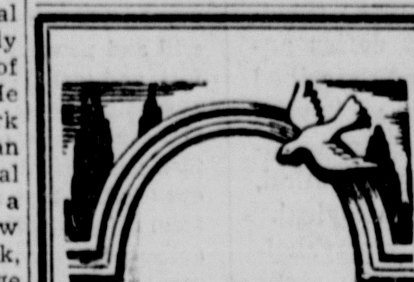

The name of each of the groups helping to make the display is on a poster and the cluster of blue short-sleeved shirt clad girls there always are willing to explain their work to visitors to the Fair.

## RELEASING OF MINERS SEEMS DOUBTFUL NOW

WASHINGTON, July 27.—(AP)—Senator Kilgore (D-WVa) expressed doubt today that anything would be done this summer about his resolution calling on the army to release 30,000 miners for the bituminous fields.

The resolution was opposed by Undersecretary of War Patterson, who contends such action would disrupt the discharge point system and could lead to similar favored treatment for other industrial and farm workers.

## EUROPE INSECURE NOW, LINDBERGH

New Administration Takes Over Control

CHICAGO, July 27.—(AP)—Our soldiers have been victorious in arms in Europe, says Charles A. Lindbergh, but "we have not established peace or liberty" there and many "so called liberated nations have simply exchanged the Nazi form of dictatorship for the Communist form."

"There is less security there now than ever before, and less democracy," the noted flyer who recently returned from a research trip to Europe, was quoted by the Chicago Tribune today.

## JUST A FRIENDLY CHAT

Whom will you blame if, like the rich man spoken of in the Bible (Luke 16) you die and are buried and in Hell you lift up your eyes, being in torment? YOU CANNOT BLAME GOD. For, "It is not His will that any should perish." (2 Pet. 3:9). YOU CANNOT BLAME CHRIST. For, "Christ Jesus came into the world to save sinners." (1 Tim. 1:15). YOU CANNOT SAY: I have done nothing worthy of Hell, for, "All have sinned and come short of the glory of God." (Rom. 3:23). YOU CANNOT SAY YOU KEEP THE LAW: FOR GOD SAYS, "Who-soever shall keep the whole law and yet offend in one point, he is guilty of all." (Jas. 2:10). YOU CANNOT SAY THERE IS PLENTY OF TIME, to settle the matter, for God says, "Behold, now is the accepted time; behold, now is the day of Salvation." (2 Cor. 6:2). YOU CANNOT SAY YOU HAVE NOT BEEN WARNED. For this message containing God's word, in part, is your warning and it may be your last, search the Scriptures and see if these things are so. YOU ARE WITHOUT AN EXCUSE. "For the invisible things, of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead; so that they are without excuse." (Rom. 1:20). YOU MAY SAY YOU do not believe all this, but that does not alter facts. "Who art thou that repliest against God?" (Rom. 9:20). He that believest not God hath made Him a liar. The responsibility of spending eternity in Hell is yours and yours alone. If you are not concerned about your own soul and have no desire to be saved, please pass this paper on to some one else. They may thank you for the warning and take heed before it is everlastingly too late.

## 24 Springfield Guests Honor Ann Patton

Mrs. C. J. Kauffman entertained at her beautifully-appointed residence in Springfield, Thursday evening, with an informal party and miscellaneous shower in compliment to Miss Ann Patton, daughter of Mr. and Mrs. Walter Patton, whose marriage will take place in this city on August third to Ensign Harold L. Geiger, U.S.N.R., son of Mr. and Mrs. Lester N. Geiger, near Greenfield.

Miss Patton received with her hostess wearing a modish green Bemberg sheer frock with white lace applique trim at the neckline and pockets. Many gorgeous bouquets of pastel-shaded flowers were seen at points of vantage throughout the lovely home which was the scene of much merriment and gaiety during the course of the evening's many and prolonged pleasures.

Accompanying her daughter to the affair was Mrs. Patton. After the honor guest had been invited to open the many lovely miscellaneous shower gifts, from the twenty-four Springfield relatives and friends, she made response in her own charming manner.

Dainty dessert viands were served at one large table and several smaller ones, each table being covered with a lovely lace cloth and centered with floral watergardens which carried out the decorative motif introduced by the capable hostess, Mrs. Kauffman.

The brilliant Springfield affair was another in a series of parties being entertained for the pleasure of the personable bride-elect, whose marriage will take place in the First Presbyterian Church, this city, on August third, at 8 P. M. The formal church ceremony is open to the many friends of the bride-elect and bridegroom.

Mrs. Kauffman was assisted during the evening by Mrs. A. L. LeFevre and daughter, Mrs. Robert Wolfe.

## August Third Bride-Elect

Miss Ann Patton

Mr. and Mrs. Walter Patton, 927 Briar Avenue, announce the coming marriage of their daughter, Eleanor Ann, to Naval Aviation Cadet Harold L. Geiger, U. S. Naval Reserve, son of Mr. and Mrs. Lester N. Geiger, Greenfield-Sabina Road, as to be an event of Friday evening, August third, in the First Presbyterian Church.

A large number of invited guests and relatives will witness the formal open church ceremony. Rev. John K. Abernethy, pastor of the church, will perform the double ring ceremony. A half-hour program of nuptial music will precede the exchange of vows.

As matron of honor, Miss Patton has chosen the bridegroom's sister, Mrs. Thomas Christopher. Bridesmaids will be Mrs. Dwight Coffman and Mrs. Donald Lange, while Sue Ann Christopher, niece of the bridegroom, will be junior bridesmaid.

Miss Patton, long popular as a member of the city's younger social set, who is at present affiliated with her father at Patton's Book Store, is a 1938 graduate of Washington C. H. High School. She attended Stevens College, Columbia, Mo., for one year before spending two years at Ohio University, Athens, where she was active in campus activities. She became affiliated with Chi Omega social sorority, while in Athens.

Cadet Geiger, who expects to be commissioned at Corpus Christi, Texas, on August first, will hold the rank of Ensign as pilot in the U. S. Naval Air Corps, for which he has been training for the past year and one-half he has spent in service. In 1942, Geiger received a B. A. in agriculture while at Ohio State University, Columbus, and in 1943, a B. S. in engineering. While at Ohio State he was connected with Technika, Tau Beta Pi, honorary engineering fraternity, Phi Eta Sigma, Gamma Sigma Delta, Kappa Kappa Psi and the engineering council.

## Two Combine Hospitalities at Luncheon - Bridge

Mrs. Howard Wright and Mrs. Harold Slagle combined hospitalities when they entertained three tables of guests at a luncheon-bridge, which was held at the Wardell Party Home in compliment to Mrs. F. E. Hill, who has now moved to Dayton to make her new home, along with her husband and child, Mrs. Hill, who has been feted often by her many friends who regret her leaving their circle, was most appreciative of the many fine parties and luncheons given in her honor before she left this city on Friday.

A sumptuous two-course luncheon was served by the capable Mrs. Wardell who serves most delicious viands, so appetizingly prepared, for the pleasure of a wide circle of those from this community. Miniature bouquets of brilliantly colored flowers centered each of the dining tables where the guests were seated during the luncheon hour. Informal chatting with the personable and popular Mrs. Hill provided entertainment.

An additional table of guests from here were there for luncheon and bridge when Mrs. Slagle included a table of guests for the pleasure of her daughter, Mrs. Phillip Bishop.

The two hostesses awarded prizes to Mrs. Robert Edge and to Mrs. Frank Thatcher at the conclusion of their afternoon of bridge. They also presented Mrs. Hill with a handsome farewell gift for which she waxed enthusiastic response. Miss Jane Landrum was high at the other table of guests.

For both parties the guest list included Mrs. Robert Edge, Mrs. James Summers, Mrs. F. E. Hill, Mrs. W. L. O'Brien, Mrs. E. P. Suntheimer, Mrs. Ellet Kaufman, Mrs. Robert Terhune, Mrs. Howard Fogle, Mrs. M. J. Whitfield, Mrs. Hazel Smathers, Mrs. Hazel DeWitt, Miss Mary Carolyn Rhoades, Mrs. Charles Wallace, Miss Jane Landrum, Mrs. Bish, Mrs. Slagle and Mrs. Wright.

## Bloomington Society Met at Porter Home

Mrs. John Glenn, president of the Woman's Missionary Society of the Bloomington Presbyterian Church, led the business meeting which opened the July session of the society when it met at the home of Mrs. Charles Porter.

Mrs. Porter's home, always cool and comfortable, was the scene of one of the most enjoyed sessions of the year on Thursday afternoon. Many bouquets and vases of garden flowers were admired by the nice crowd of members who met at her home for the meeting.

After Mrs. Glenn gave the devotions for the afternoon, she led the business meeting. During the program hour that followed this, the topics discussed at length by various members were "Venezuela" and "China," as foreign

topics. The home study topic was "Rural Work in Our Own Country." Mrs. Glenn's report of Rev. A. I. Good's address recently before a large congregation at the First Presbyterian Church, this city, was a highlight of the afternoon.

Mrs. Porter invited her guests to the dining room for the serving of cooling refreshments, when her table was centered with a most artistically arranged watergarden of hollyhocks. Informal chatting during the serving made the hour one of prolonged enjoyment for the appreciative guests.

Mrs. Porter was assisted by Mrs. Joe Porter throughout the meeting and social hour.

## Eighty Enjoy Men's Night at Country Club

Approximately eighty men assembled at the Country Club on Thursday evening for the fortnightly men's night dinner and evening of cards when the committee in charge was composed of Robert Craig, Ormond Dewey, John Sands and Norman McLean.

After a bountiful meal was served at several tables, the remainder of the time was spent at the card tables. A most enjoyable session was concluded at a late hour.

Mrs. F. E. Hill Included with Bridge Club

Mrs. I. L. Humphrey was a cordial hostess to her bridge club Thursday evening. Included with the members was Mrs. F. E. Hill, who moved Friday with her family to Dayton to make her new home.

During the evening two tables of bridge were at play including Mrs. Russell Schnell, Mrs. William Hilly, Mrs. Herbert Clickner, Mrs. William Allen, Mrs. Frank Mayo, Mrs. C. R. Philhower, the hostess and honor guest.

When scores were tallied at the close of the evening, first and second prizes were awarded to Mrs. Schnell and Mrs. Hilly.

Mrs. Humphrey also presented Mrs. Hill with a lovely going-away gift.

The serving of a delicious salad course completed the evening's pleasures.

## Forty Attend Luncheon - Bridge At Country Club

Another of the season's fortnightly luncheon-bridge parties at the Washington Country Club attracted a large number of women Thursday. Mrs. James Ford, Mrs. Fred Creamer, Mrs. Laura Julian and Miss Marguerite Mauger were gracious hostesses for the afternoon.

A profusion of mixed bouquets added their beauty to the club lounge and were used to advantage centering the small tables where a delicious luncheon was served.

An afternoon of bridge was enjoyed with nine tables at play, and at the close of the afternoon, when scores were tallied, attrac-

tively wrapped prizes were awarded to Mrs. A. S. Stemler, Mrs. Hughie Thompson and Miss Dorothea Gaut.

Out of town guests were: Mrs. Daisy Hayes, of St. Petersburg, Fla.; Mrs. Robert Barnes of Columbus; Mrs. Aublin Hedges, of Hillsboro; Miss Iris Gaut of New York City; and Mrs. James A. Doneghy, of St. Louis, Missouri.

# Eagles and Sabina Fight for Loop Lead

It will be a battle for the top spot in the Tri-County League when the boys from Sabina meet the Washington C. H. Eagles on Wilson Field here Sunday afternoon.

And, one of the biggest turnouts of the season is expected. The Eagles are coming home after two weeks on tour and a cavalcade of fans is reported to be planning to convey the Merchants over from Sabina.

Sunday's meeting is for an odd-game playoff. In the two previous meetings, the teams have an even break. The Eagles won the first by a 9 to 5 score and the Merchants took the second, 2 to 1, for the only defeat of the season to date suffered by the Washington C. H. outfit.

Sabina's hopes are staked not only on the outcome of this game but also on the results of the playoff of three postponed games.

## Greenfield At Good Hope

Greenfield fans, encouraged by last week's victory, looked forward to Sunday's encounter with the Greenfield Tigers with more optimism than they have been able to muster since the hard luck boys won their only other game early in the season. A victory could put the Good Hoppers within easy striking distance of the midsection of the standing after

having occupied the cellar until last Sunday when they climbed out at the expense of the Milledgevillians.

## Old Rivals To Meet

Two old neighbors and sports rivals will meet at Milledgeville when the Jeffersonville crew makes its invasion. The home team will be spurred by hopes of getting out of last place and the visitors will be fighting to keep

their grip on fourth place and a chance to move into third.

This is how they stand as they go into the eleventh round of games:

| Team           | W | L | Pct  | GBH   |

# Valdo Abbe Threatens Track Record In Three-Heat Win Over Jimmy Creed

Valdo Abbe, Kirk & Valley's sensational home bred colt, came within half a second of equalling the four-year-old track record of 2:03 1-4 when he came from behind to collar the outstanding Jimmy Creed and win by a head in the second heat of the stake for three-year-old pacers, the feature event of Thursday afternoon's Fair race program.

Time of the mile by quarters—30, 1:00 1-2, 1:32 and 2:03 3-4—was written into the books as evidence of the sizzling clip at which they went from wire to wire. It was one of the most grueling duels the old track has seen in many a day and was a severe test for both speed and stamina. And, Valdo Abbe measured up.

The old grandstand was jammed to the rafters with one of the biggest crowds in years. Calculated to seat around 2,000, a total of 2,644 admissions were counted for the afternoon which accounted for the overflow into the new mutuel area at the east end and the crowd that filled the esplanade in front. The mutuel handle was \$7,154 for the afternoon.

With McKinley Kirk, farmer, livestock dealer, sportsman and co-owner, at the reins, the status-conscious bay son of Bert Abbe spurred to the front at the start with Sally Hal, driven by Earnie Smith, lapped on the outside and Jimmy Creed in third position. Pulled wide on the turn by Walter and with a burst of the speed that has won him recognition as one of the country's top young pacers, Jimmy took the top in the first eighth of a mile and opened a good one length lead as they headed into the back stretch on the first round. Kirk kept Valdo Abbe tucked in on the rail as the two horse race swung around the turn and past the grandstand and through the back stretch. Rounding the turn for home, Kirk pulled out and made his move.

Few in the packed grandstand thought Valdo Abbe had more than an outside chance to catch the flying Jimmy Creed, but sensing the bit of turf drama from the start, the roar of excited yelling grew as down the stretch they came swinging rhythmically, the distance between them steadily shrinking.

Valdo Abbe overhauled Jimmy

Creed less than a sixteenth of a mile from the wire and stuck his nose in front in the last few strides.

The time for the mile was 2:03 3-4—Valdo Abbe had won the heat and cinched the race but had missed breaking the record by three-quarters of a second and missed winning the \$100 Frank S. Jackson had offered for breaking the track record by just that much.

Valdo Abbe's 2:03 3-4 was almost certain to win the \$100 offered by Jackson for the fastest mile, at either gait, by a horse owned or trained in Fayette County. Horsemen doubted if either the pacing or trotting track records would be bettered this season since Valdo Abbe left it

hanging by a three-quarter second thread.

Valdo Abbe won the first heat in 2:05, but nearly everyone in the stand had thought that was a fluke, because Jimmy Creed had got away behind and had come from far back only to be beaten in a photo finish. The second heat was different. Valdo Abbe had not only beat Jimmy Creed but beat him by coming from behind, a true test of his gameness and stamina as well as speed.

The third heat was an anticlimax. Smith lent perfect cooperation to Kirk by lapping Valdo Abbe in second place and making Jimmy Creed go the long mile as Valdo Abbe led from wire to wire in 2:08, nearly five seconds off of the second heat. Jimmy

Creed gave it up in the last quarter and Council's Maide, driven by Saunders Russell slipped through in the stretch drive to take the place money.

That majority in the crowd had expected Jimmy Creed, a chestnut colt by Frisco Forber and owned by S. C. Thompson of New Ross, Ind., to make a romp of the race is attested by the mutuel payoff of \$7.20 to win in the first heat, \$5.80 in the second and \$3.60 in the third on Valdo Abbe. Jimmy Creed paid the minimum to place in the first two heats and finished fourth in the third.

After the race, O. C. Belt, the presiding judge, announced that Valdo Abbe's second heat was the fastest mile for the season and that his three-heat race had been the fastest in the country this year to date.

It was only fitting and proper that Valdo Abbe should make the threat to the 2:03 1-4 record set in 1941 by The Woodsman; for the roots of his family tree are deeply set in the same soil as that of the track over which he raced. He was bred by Kirk and raised on his farm, he is the son of one of Fayette County's grand old race mares, Belle Mahone, who was owned and raced by Ed Severs who, before his death lived on the CCC Highway within a stone's throw of the track and a grandson, on his dam's side of the great sire Oliver Evans, raised and owned by Valdo R. McCoy, his namesake, and one of the county's prominent land owners, businessmen, farmers and sportsmen. His sire, Bert Abbe, stands at John Galvin's Fairmeade Farms in adjoining Clinton County. Galvin said after the race, "He is more like the 'old horse' (Bert Abbe, one of the country's really great pacers) than any I have ever seen."

That Valdo Abbe should seriously threaten the track record was not surprising. He was a sensational two-year-old last season when he won 11 races, many of them on the big time tracks in the east although he took his race at the Fair here then in stride. Only one other horse, Mac I Win, is believed to have bettered that two-year-old achievement. He won 12 in one season. Valdo Abbe had a record of 2:08 last year as a two-year-old.

Argyle, a bay son of Scotland owned by Mrs. D. R. Parrish of Millbrook, N. Y. and driven by Dr. H. M. Marshall, took the \$1,000 stake for two-year-old trotters in straight heats in 2:15 and 2:13 1-2 with Kirk & Valley's Hodgkins, driven by Kirk, and Earl's Magic Rae, driven by Saunders Russell

sharing the second place honors. Hurley Belle, a chestnut filly by Lord Jim. Owned by Stanley Chitty, Washington C. H. undertaker, and driven by A. G. Gordon, Fayette County farmer and horseman, was fourth both heats. Gardenia, a bay filly by Bunter, owned by R. M. Garrity of Springfield who operates the Rendezvous Room here, finished sixth and seventh. Mutuel payoffs were near the minimum.

The veteran Volarian, owned by C. H. Bowen of Columbus and driven by Gabe Cartnal, won the last two heats of the \$1,000 stake for 22 class pacers after having jumped off his first chances. Double Volo, driven by William (Doc) McMillen nosed out Senator's Sister, a bay daughter of Bert Abbe owned and driven by O. H. Lowen of Wilmington, in a heated stretch battle in the first heat. With Volarian out of it, Double Volo turned in the day's high mutuel payoff with \$16.20, \$4.80 and \$2.80. Senator's Sister paid \$6 to place and \$2.60 to show.

## DAY'S ACTIVITIES IN WALL STREET

NEW YORK, July 27.—(AP)—Scattered stocks got a toe-hold on recovery in today's market although many leaders still were depressed by light selling. Blame for the revival of bearishness in Wall Street again was placed on the overwhelming defeat of the Churchill government. Some buying was based on special situations, earnings and dividends. Dealings tapered after a fairly active opening and the direction was cloudy near midday.

By Hugh Fullerton, Jr.

NEW YORK, July 27.—(AP)—Football special: Don't be too surprised if the winner of the army air forces grid championship next fall is sent on a post-season tour of the Pacific theater. It's just in the rumor stage so far, but it would be a swell break for the boys out among the islands. Another tip: Look for some fireworks from the AAF Football League meeting in Chicago, Aug. 10-11, when the three newcomers—First Air Force, Personnel Distribution Command and Air Transport Command—try to put over a move to distribute the material equally among the seven clubs.

**Strong Backs And—**  
George Strickler, the National Football League tub thumper who edits a paper for service gridders, received this explanation for the lack of correspondence from league alumni: "Linemen can't write and the backs are all too busy at the officers' clubs."

## Nelson and Hogan Lead Tourney

By L. E. SKELLEY  
CHICAGO, July 27.—(AP)—Lord Byron Nelson and little Lt. Ben Hogan, who once met for the cadet championship at the Glen Garden Club in Fort Worth, Texas, today were the one-two favorites for the \$10,200 first prize in the All-American Open golf tournament.

The native Texans loom as likely stretch rivals after shattering Tam O'Shanter's par in the opening 18 holes of the 72-hole route.

Nelson, who has won nine straight tournaments this year and is seeking his fourth Tam title in five starts, fired a sizzling 66, six under par, yesterday, roaring back with a record-tying 30 on the last nine.

Hogan, playing in his third tournament since joining the armed forces, touched off a 33-34—67. His 25-foot putt on the home green fell nine inches short to rob him of a first day tie with his Texas pal.

## Cincinnati Bookies Fleece by New Tricks

CINCINNATI, July 27.—(AP)—Police have arrested four men who were fleecing Cincinnati area handbook operators by "modern designs." Police Capt. Patrick Hayes reported the men were placing bets by getting race information from an accomplice at the race track with a short wave radio. They were also spotting the races by binoculars from a nearby hillside, playing results by a card system. One handbook operator is reported to have lost \$2,810 in one day, Hayes said.

- Replace worn cultivator shoes and sweeps. A shovel with edges worn 20 per cent will turn only 80 per cent as much dirt as a new one.
- Replace wood bearings in disc harrows before they damage bearing spools.
- Keep plow shares sharp. Dull shares may increase tractor fuel consumption as much as one-half gallon per acre.

Plows, discs, cultivators and other implements are just as vital to full production as the larger units of equipment. Don't let them become worn beyond repair. Unless they are kept in good condition they cannot meet the demands of wartime farming.

We have modern facilities for repairing and conditioning implements of all types. When your tools need shop repairs, let us help you. Schedule repair jobs as far in advance as possible to insure having them ready when you need them.

WATER COMPANY IS TO CHANGE ISSUE OF BONDS

Plans Call for Refunding Present Issue and Reimbursing Co.

The Ohio Public Utilities Commission has authorized the Ohio Water Service Co., with chief offices at Struthers, to issue \$3,500,000 worth of 3 1/2 percent first mortgage bonds at 102.46 plus 33,000 shares of \$10 par common stock at par.

The issues, it is explained, are to refund \$4,660,000 worth of four percent first mortgage bonds and to reimburse the company treasury for "uncapitalized expenditures."

It is explained by company officials that the change in bonds in no way affects the company at this point, and that the change in financing absorbs heavy expenses for betterments of the company's properties, and will help provide funds for extensive improvements being considered at this point, including plans for a more adequate water supply, which company spokesmen state have been under consideration for sometime.

BARCHET MARKET TO CLOSE MONTH

OPA Restrictions Prevent Further Slaughter

The Barchet Market on East Court Street, will close Saturday night because OPA restrictions prevent further slaughter of livestock during the month of August, it was stated Friday.

Mr. and Mrs. Barchet plan a rest in Michigan during the four weeks the market will be closed, and are promised unrestricted slaughter upon reopening about September 1st.

The Barchet Market like many other markets where home slaughtering is done, has been unable to obtain anything like a sufficient supply of meat to meet demands.

parked near the horse barns. Ellis told Lausche about the thrilling race won Thursday afternoon by Valdo Abbe. "I would have given anything to have been here this afternoon," Lausche said as he spoke of his love of horses. He asked Ellis to send his compliments to McKinley Kirk, owner of Valdo Abbe.

A little bit of real drama happened up near the barns. A large man, wearing striped overalls and a cap with the bill over his ear, came up to Lausche, pumped his hand and said: "Don't you remember me? I used to work with you on the police force in Cleveland." Lausche did remember him and the two had a real reunion. The man slipped away as quickly as he came and could not be identified.

Then, just as quietly and unobtrusively as he arrived, Lausche stepped into his car and went away. With him were Perry T. Ford, director of the Ohio State Department of Highways, and Herbert Mangert, political writer of the Cincinnati Enquirer for 25 years.

John Howard, an Englishman, gained fame by fighting for decent cleanliness conditions in prisons.

He said the gas coupons stolen were very few, and that the chief thing wanted by the thieves was the tires.

It is the largest theft of tires in Washington C. H. since the stringent laws went into effect when tire rationing started.

HOLD SUSPECT IN TIRE THEFT FROM STATION

Pure Oil Plant On Market Street Burglarized Of Six Tires

Police Chief Vaiden Long was Friday holding a suspect in connection with the theft of six automobile tires and a few gas stamps from the Pure Oil Filling Station on Market Street, Wednesday night.

The station was burglarized by someone apparently familiar with the premises, a rear window over a door being forced, and the door left open when the thieves departed.

Theft of tires is punishable by severe fine and long term in prison. The six tires stolen were Yale "Safety Sevens", 4-ply, 6.50 by 16, and so far the tires have not been recovered.

Chief Long said that the crime was committed by someone who was very familiar with the premises, or had "cased" the place carefully before committing the burglary.
